

# The Village Condominium Association

## Windows

Use these specifications in conjunction with the document *Structural Modifications: General Requirements*.

- Color and grid pattern are essential to maintaining continuity throughout the Village and grids must match the original windows.
- Window frames: metal clad wood or vinyl construction.
- Exterior color: black, dark bronze or dark brown
- Style: casement with in-glass grid to match the original windows
- Contractor must be able to perform work without causing harm to the surrounding structures.
